

CHANDRASEKAR P

FRONTEND DEVELOPER

CONTACT

+91 9976956624
chandrasekar1996@gmail.com
Namakkal, TamilNadu

SKILLS

Languages

JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS/Sass, SQL

Frontend & Mobile Frameworks

React.js, React Native, Redux Toolkit, React Query, Context API, Nx (Monorepo), React Router, Context API

Build Tools & Package Management

Yarn, npm, Webpack, Vite, pnpm

APIs & Architecture

RESTful APIs, API Integration, Monorepo Architecture, State Management

Testing

Jest, React Testing Library, Detox, Unit Testing, Mobile Testing (Android/iOS)

Development Practices

Agile, Scrum, Version Control, Performance Optimization, Accessibility, SEO Optimization, Cross-browser Compatibility, Responsive Design

Tools & Platforms

Git, GitHub, Bitbucket, Azure DevOps, Jira, ClickUp, Docker

Code Quality & Developer Experience

ESLint, Prettier, Storybook

PROFILE

Front-End Developer with 5 years of experience building responsive, scalable, and high-performance web and mobile applications using React.js, React Native, JavaScript, TypeScript, Redux, and CSS3/SCSS. Proficient in building cross-platform solutions and dynamic UIs with a focus on clean, maintainable code and optimized performance. Experienced with RESTful APIs, Git-based version control, CI/CD pipelines, and Agile/Scrum methodologies. Strong collaboration and communication skills with a proven track record of delivering projects on time and within scope.

WORK EXPERIENCE

SATSURE

Software Development Engineer - 2

SatSure Analytics India Pvt Ltd

Mar 2021- PRESENT

Tech Stack : React Native, React.js, Redux Toolkit, React Query, Context API, Nx (Monorepo), TypeScript, JavaScript, Git, Jest, React Testing Library, Detox, MapLibre, DeckGL, OpenLayers, RESTful APIs, Agile/Scrum

- Developed and maintained responsive, cross-platform interfaces for Android and web platforms using React Native and React.js, with exposure to iOS testing and debugging.
- Integrated RESTful APIs and implemented dynamic data rendering for high-performance mobile and web applications.
- Improved performance through lazy loading, code splitting, and memoization techniques, resulting in faster load times and enhanced user experience.
- Lead development within a Monorepo architecture using Nx to enable shared code across platforms and improve scalability.
- Implemented state management using Redux Toolkit, Context API, and React Query.
- Followed Git-based version control, CI pipelines, and Agile methodologies to maintain high-quality codebases.
- Conducted unit and E2E testing with Jest, React Testing Library, and Detox (Android).
- Actively participated in code reviews, sprint planning, and retrospectives in Agile/Scrum teams.
- Managed Android app deployments and builds; provided basic troubleshooting for iOS devices.

CERTIFICATION

- Modern JavaScript for React JS ☒
- The Ultimate Sass & Less Course ☒
- React JS- Complete Guide for Frontend Web Development ☒
- React Native - The Practical Guide (2024) ☒
- Understanding TypeScript ☒
- React Testing Library and Jest: The Complete Guide ☒
- Claude Code in Action ☒

EDUCATION

Coimbatore Institute of Technology

Master of Computer Application

Aug 2017 - Apr 2020 CGPA - 7.16

Bachelor of Science in Information System

Jun 2014 - Apr 2017 CGPA - 6.45

LANGUAGES

Tamil English

Sketch Brahma Private Technology Limited

UI Development (Contract)
Product Engineer (Intern)

Jun 2020 - Feb 2021
Dec 2019 - May 2020

Tech Stack : React.js, React Native, TypeScript, Redux, HTML5, CSS3/SCSS, JavaScript, Git, REST APIs, React Router

- Collaborated with cross-functional teams to deliver high-performance web and mobile applications.
- Built reusable, responsive UI components optimized for SEO, accessibility, and cross-browser compatibility.
- Delivered static and dynamic web applications tailored to client requirements (dashboards, portals, landing pages).
- Participated in Agile ceremonies and used Git for version control and collaboration.
- Developed interactive, data-driven apps with conditional rendering and seamless navigation using React Router.
